

# Stable 83

## Specifications

- Initial Population: 1000
- Experiment: Overmare replaced with a central computer controlled by a pony brain. All Security forces replaced with robobrains. Brain reprogramming equipment supplied. Examine effects of disembodied brains on leadership capabilities and resident loyalty.
- Status: Opened, settlement successful

## Demographics

- Mostly Unicorns and Earth ponies
  - Unicorns have highest percentage of Stable descendents
- Some Gryphons, hoof-ful of Pegasi
- One known Alicorn brain used for research and early-warning systems
- Brain domes common but not everypony has one
- Exposed brains less common
- Flying jars rare but present
  - Given only to high ranking or particularly important members of the community
  - Preferential to Stable residents

## Settlement

- Self-sufficient community grown around the Stable
- Unordered List ItemUses the Stable reactor for power
- Unordered List ItemHome to many ponies with brain enhancements, domes, and other cybernetic modifications
- Open to trade with other settlements
- Semi-automated defense platforms
- Policed by Roboponies and pony guards
- Access to Stable restricted to authorized ponies, Roboponies, and Stable residents.
- Uses caps for currency

- Brain technology is tightly regulated, but a black market of equipment exists

# Layout

- Level 1 - Common Areas
  - Unrestricted Zone, Open to the public
  - Contains lounge, recreational facilities, and cantina
- Level 2 - Residential
  - Restricted Zone, Stable residents only
  - Contains housing accommodations
  - Approximately 25% of the rooms have been converted to hydroponics to feed residents
  - Main orchard
  - Medical wing
- Level 3 - Storage
  - Restricted Zone, Stable residents only
  - Contains supplies necessary for the continued function of both Stable 83 and Stable City
- Level 4 - Brain Reprogramming
  - Restricted Zone, authorized personnel only
  - Various facilities for the study and reprogramming of brains
  - Brain repair center
  - Robopony repair facilities
  - Brain storage
- Level 5 - Administration
  - Restricted Zone, roboponies and admin staff only
  - Command center for the whole Stable
  - Seat of government for Stable City
  - Instead of an Overmare's office, the room is dedicated to a large machine that is connected to a central jar containing a pony brain. Slots for other brains have been added after the fact.
  - Alicorn brain stored in a classified location
- Level R - Reactor
  - Restricted Zone, maintenance staff and roboponies only
  - Magitech Reactor that powers both Stable 83 and Stable City
